

## SENIOR INTERACTION DESIGNER at Meebo

Designed the user experience for a variety of products: consumer web apps, third-party site add-ons, mobile, internal tools, and advertising. Created wireframes and interactive prototypes, ran usability tests, and led design reviews with the product, development, and business teams. Originated the Interaction Designer role, encouraging user-centered thinking company-wide.

Senior Interaction Designer, 2010-present  
Interaction Designer, 2008-2010

---

### LIGHTNING TALK

“Skeuomorphism: The Good, the Bad, and the Silly”  
at UX-Lx, 11 May 2011

---

## Web Apprentice at Analog Method

Acted as the point person for several clients and implemented detail-level polish on subcontracted projects. Developed a successful interaction design for longtime client ARTnews.

Summer 2007

## Development Czar at i-neighbors.org

Acted as sole developer for a social networking website. Answered all support emails, fixed bugs as necessary, and designed and implemented a major site overhaul.

2006-2008

## Residential/Teaching Assistant at the Summer Academy in Applied Science and Technology

Taught gifted high school students introductory computer science and web development. Led social activities and advised students in a residential environment.

Summers 2006-2007

## Manager for the Residential IT Advisor Program, UPenn

Co-managed a staff of student IT specialists: coordinated payroll and scheduling, and resolved disputes. Assisted other students in residential labs, solved student technology issues, and secured computers on the network.

Manager, 2006-2008  
IT Advisor, 2004-2006

---

## Bachelor of Science in Engineering in Digital Media Design

University of Pennsylvania, School of Engineering and Applied Science  
2008
